Createspace Independent Publishing Platform, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This book is an assembly of content resulting from a personal search and exploration of the Divine Language. Call it Adamic, vril, language of the birds, language of god, or what-have-you: the pure language deals with the fabrication construct of the universe. Due to the nature of the work, this book is mostly graphic in nature. Please note: This is not a history, nor a compilation of pursuits, concerning the divine language. There are books about such; this is not one of them. This book is more akin to one more crack-pot throwing his hat in the ring. This is not a magnum opus. At worst, it is a curio. At its best, a means to sail the Duat, to broach the otherworld, or divine, if you prefer. Regardless, this work is a foray into xenolinguistics, cryptology, vril, mathematics, semiotics, geometric impregnation, and universal synthesis.
