

Building Suburbia: Green Fields and Urban Growth, 1820-2000

Filesize: 9.15 MB

Reviews

This book is definitely not easy to get going on reading through but extremely exciting to see. I am quite late in start reading this one, but better then never. I am pleased to explain how here is the finest book i actually have read inside my individual daily life and may be he best book for ever.

(Mrs. Ellie Yost II)

Vintage. Paperback. Condition: New. 336 pages. A lively history of the contested landscapes where the majority of Americans now live, Building Suburbia chronicles two centuries in the birth and development of Americas metropolitan regions. From rustic cottages reached by steamboat to big box stores at the exit ramps of eight-lane highways, Dolores Hayden defines seven eras of suburban development since 1820. An urban historian and architect, she portrays housewives and politicians as well as designers and builders making the decisions that have generated Americas diverse suburbs. Residents have sought home, nature, and community in suburbia. Developers have cherished different dreams, seeking profit from economies of scale and increased suburban densities, while lobbying local and federal government to reduce the risk of real estate speculation. Encompassing environmental controversies as well as the complexities of race, gender, and class, Haydens fascinating account will forever alter how we think about the communities we build and inhabit. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
