ZIKA VIRUS: THERAPEUTICS, VACCINES AND HUMAN HEALTH

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | At current, ZikV is one of the greatest concerns of researchers in science community. Though it has been identified for quite a long time, its emergence, new modes of transmission, and more importantly, the congenital anomalies associated with it have made the situation worse. This book is designed as an interactive resource to understand more about Zika virus, its transmission patterns, pathophysiology of disease, global efforts, challenges and the prospects for the...
