Can the human body truly heal itself? Can we actually reverse the process of disease? If so, what modality do we choose to find our way back to health? The answers to these questions are found in C.U.R.E. As a practitioner of Traditional Chinese Medicine (TCM), Rosanne has helped thousands of people feel better and improve their state of health. A way to gather statistics so as to manipulate them, creating the impression that help is just a pill, procedure or process away. As the public wakes up to this deception they seek a different choice. That alternate choice to heal the human body is not a recent discovery. It is a culmination of what natural healers have used and...
