

The self of Muslim and its inner peace.

By HAYATI AYDIN.

Fecr Yayinlari, Istanbul, 2010. Soft cover. Condition: New. Paperback. Pbo. Demy 8vo. (21 x 14 cm). In English. 96 p. First section of the book focuses on the self and related concepts as a Sufi phrases. This study is a comparative analysis between Islam tradition and Western psychology on this issue. We selected this subject for this reason, to make a good comparison between the Qur'anic verses and scientific knowledge. Because, in the Qur'an explaining that the truth of Self does not run counter to the evidence of science at all, this shows us that Qur'an can be a guide to science and enlighten pioneer scientists about the recognition of Nafs and its mysteries. The second part of the book focuses on the effect of faith and Islamic virtues on the inner peace of the believers and by this way to show the majesty of Islamic faith and rituals in the spiritual happiness of man. Believing, worshipping and spending in charity are the core of Islam as well as the basis of spiritual presence. In the Holy Qur'an, it is explained that man who realises those three elements are those who believe and behave conscientiously. For this reason, in the...

Reviews

This publication is worth getting. This is certainly for those who state that there was not a well worth studying. Its been written in an exceptionally simple way in fact it is only after i finished reading through this ebook in which in fact transformed me, modify the way i believe.

-- **Mr. Hester Prohaska DVM**

This written book is great. I am quite late in start reading this one, but better then never. You will not really feel monotony at at any moment of your time (that's what catalogues are for about when you check with me).
