Problems for alcoholics and prisoners could be combined in to opportunity that is not easy to understand because there is nothing to compare it to. I will share some starting points to help create a clearer vision in a way that more can understand. This book will be different from channeling in that I will be weaving together bits of messages from Angel Raphael with a more series of steps aligned with the target assignment. When I write, further insights and messages are expected. I hope to set the stage for further understanding. The path for me is not clear yet as messages will be blended in to a collage that shows a starting point for those that implement from this writing. This item ships from La Vergne, TN. Paperback.
