*It becomes an awesome publication that I actually have actually read. It really is written in simple terms and not difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.*

This collection of poems is designed to enhance creative thoughts in an electronically stimulated society. The fluidity of the reading will leave behind a picture triggered by stories written in God s word, as they relate to our living experiences. Each poem takes a deeper look into the emotional state that may be experienced daily. In the end, we are brought back to our strength and our redeemer, Jesus Christ. Take the journey through each page. Revisit the pages that apply daily. For an added bonus, the power of the material can be heightened when accompanied by music for stronger retention. The melodious vibration with the combination of sight and sound will surely provide a blessing like no other. Open you heart for the blessings on the way. This is a rich anthology that began in deep thoughts on a small island tucked into the Caribbean Sea. This anthology is loaded with the charm and dreams of island living. This collection of thoughts would eventually travel...
