Therefore. this study is the bounden duty of the central bank to control inflation. maintain the stability of the currency. has important theoretical and practical significance. EXECUTIVE SUMMARY 1996. China's economic success to achieve a soft landing. bid farewell to the economic operations have long been plagued by inflation. or even deflation in the late 20th and early 21st century. the adverse effects of deflation on the economy running. as well as governance deflation arduous to lay a deep imprint on the community. At the same time. the dividends of globalization as well as the scientific and technological revolution has brought the cost of factors of production decline has deepened people's longing for a low price level times. as if the coming of a new century of inflation. However. inflation gradually fade out the horizon on the occasion. history seems once again to the cycle. Since 2007. along with the investment of China's economic growth too fast. too much credit. and a large trade surplus situation. inflation again appear in our rise and spread the trend. Compared with other multiple inflation in history. despite the inflation previous characterization of similar. but. as...
