

## Bibliography of Petroleum and Allied Substances: 1917 (Classic Reprint) (Hardback)

Filesize: 1.07 MB

### **Reviews**

*This is the finest publication we have read through right up until now. Better then never, though i am quite late in start reading this one. Its been written in an remarkably easy way in fact it is only after i finished reading through this book by which basically altered me, affect the way i think.*

FBC LTD, 2018. Hardback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Bibliography of Petroleum and Allied Substances: 1917 SnNCES, 1917.By E.H. Burroughs. Introduction. This bulletin is the third of the series of yearly petroleum bibliographies being published by the Bureau of Mines. The two preceding, Bulletin 149 and Bulletin 165, were for the years 1915 and 1916, respectively. In arranging the references the same general scheme has been followed, but as in those bulletins, several changes and additions have been made in the classification, the more important being in the classes Development and production and Refining and refineries. German periodicals for 1917 were not procurable and references to articles in those and in other foreign journals that were not available have been credited to the sources from which they were procured. Acknowledgment. Acknowledgment is made to C.P. Bowie, M.J. Gavin, C.H. Beal, E. W.Wagy, and F. B.Tough of the petroleum division of the bureau for assistance in arranging the references, and to Miss F.A. Armstrong for the index.
