

Ahead of the Curve: Inside the Baseball Revolution

Filesize: 8.16 MB

Reviews

This pdf is definitely not easy to get started on studying but quite entertaining to read through. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.
(Ms. Fatima Erdman)

AHEAD OF THE CURVE: INSIDE THE BASEBALL REVOLUTION

Tantor Media, Inc, United States, 2016. CD-Audio. Condition: New. Unabridged edition. Language: English . Brand New. Most people who resist logical thought in baseball preach tradition and respecting the game. But many of baseball s traditions go back to the nineteenth century, when the pitcher s job was to provide the batter with a ball he could hit and fielders played without gloves. Instead of fearing change, Brian Kenny wants fans to think critically, reject outmoded groupthink, and embrace the changes that have come with the sabermetric era. In his entertaining and enlightening book, Kenny discusses why the pitching win-loss record, the Triple Crown, fielding errors, and so-called battling titles should be ignored. Kenny also points out how fossilized sportswriters have been electing the wrong MVPs and ignoring legitimate candidates for the Hall of Fame; why managers are hired based on their looks; and how the most important position in baseball may just be director of decision sciences. Ahead of the Curve debunks the old way of analyzing baseball and ushers in a new era of straightforward logic. Illustrated with unique anecdotes from those who have reshaped the game, it s a must-listen for fans, players, managers, and fantasy enthusiasts.
