Visit us online at www.1stWorldLibrary.ORG - - In this volume the author has made an effort to describe his journey to Palestine and Egypt. It is his desire that the book may be interesting and instructive to its readers. The chapter on the geography of Palestine, if studied with a good map, will probably be helpful to many. The historic sketch of the land may serve as an outline of the important events in the history of that interesting country. It is desired that the last chapter may give American readers a better understanding of the work of churches of Christ in Great Britain. This book is not a classic, but the author has tried to give a truthful account of a trip, which, to him, was full of interest and not without profit. No doubt some errors will be found, but even the critical reader may make some allowance when it is known that the writing, with the exception of a small part, was done in a period of eighty days. During this time, the writer was also engaged in evangelistic work, speaking every day without a single exception, and as often as four times on some of the days. That the careful reading of the following pages may be profitable, is the desire of THE AUTHOR. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
