MULTIMEDIA RETRIEVAL (DATA-CENTRIC SYSTEMS AND APPLICATIONS)

Springer, 2007. Hardcover. Condition: New. Retrieval of multimedia data is different from retrieval of structured data. A key problem in multimedia databases is search, and the proposed solutions to the problem of multimedia information retrieval span a rather wide spectrum of topics outside the traditional database area, ranging from information retrieval and human-computer interaction to computer vision and pattern recognition. Based on more than 10 years of teaching experience, Blanken and his coeditors have assembled all the topics that should...

Reviews

Comprehensive information! Its this sort of excellent read. I could possibly comprehend every little thing out of this published e pdf. You wont sense monotony at at any moment of your time (that's what catalogs are for about when you ask me).

-- **Prof. Mauricio Howe III**

If you need to adding benefit, a must buy book. It normally fails to cost a lot of. Its been designed in an extremely easy way in fact it is just right after i finished reading through this ebook by which basically transformed me, change the way i believe.
