By Andy J Vigil

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Using his imagination, the writer blurs the lines between the meditative world, the dream world, and the inter-dimensional psychical realms encountered through meditative trances. In this book, he journeys into the future, and learns that even though Earth has changed for the better, there are destructive, all-consuming Scarab Beetles that are under a hypnotic spell induced by Evil Intentioned Entities. These Evil Intentioned Entities want the Scarab Beetles to devour and consume not only physical reality, but psychical reality too, which includes people's ideals, dreams, and positive life energy. All that they devour is then converted into a powder that can be consumed, which allows for the life of those who consume it to be extended. Despite there being an abundance of this powder for everyone, the Evil Intentioned Entities hoard it all for themselves. Along his journey to stop the Scarab Beetles, the writer meanders into other dimensions, crossing paths with many otherworldly entities, and guides.
