THE HANDY AMERICAN HISTORY ANSWER BOOK (THE HANDY ANSWER BOOK SERIES)

DOWNLOAD

Visible Ink Press. Paperback. Condition: New. 430 pages. Early civilizations, Native Americans, the English colonies, slavery, the American Revolution, the Declaration of Independence and the Bill of Rights begin the journey and lay the foundation for the United States of today. The Handy American History Answer Book takes a walk through the economic, political, social forces and military conflicts that created, changed, and built the United States. It explains the impact of the biggest events, the wars, the presidents, lesser known personalities and figures, sports, music, and much more. This handy primer is a captivating, concise, and convenient history of America and Americans. The Handy American History Answer Book is a resource for learning for brushing up on the events, terms, and history-makers many of us remember but somehow can't always neatly define. This book is not intended to be a comprehensive work on American history; that can't be done in a single volume. Still, the minds that conceived of it thought that reasonably intelligent people ought to have a convenient place to go to look up those devilish questions that have a way of cropping up in everyday conversation and reading. From Washington to the micro-chip, Columbus to modern terrorist threats, the Anasazi to the iPhone, The Handy American History Answer Book traces the development of the nation, including the impact of the Civil War, the discovery of gold in California, the inventions, the political and economic crises, and the technology transforming modern culture today. It answers nearly 900 commonly asked questions and offers fun facts about American, its history, and people, such as: What were the first crops developed by the early Indian cultures? Why does controversy surround Christopher Columbus? What was the Lost Colony? When did the first Africans arrive in the British colonies of North America? What was the Stamp Act? Who...
