

## The End of Stress As We Know It

---

By Bruce S. McEwen

Dana Press. Paperback. Book Condition: New. Paperback. 239 pages. Dimensions: 8.4in. x 5.8in. x 0.7in. There's a whole new way to think about stress. Sure, some stress is inevitable, but being stressed out isn't. In fact, we can learn to rechannel the powerful stress activators in our lives to make us even more effective. Hamlet spoke of suffering the slings and arrows of outrageous fortune. These days we simply use the word stress to describe that feeling. And if you ask 10 random people if they feel stressed, chances are that at least 9 will reply with a resounding, Yes! Indeed, the very way we use the word implies that we are its victims - as in, I'm under so much stress or I'm completely stressed out. There's now a better way to look at this picture, a way to move from victim to victor. The first step is to look to the science behind it all because in the science lies a whole new message about stress. Science allows us to understand what the stress response is and why our bodies react the way they do. Like all living creatures, we're mapped to respond instinctually in certain ways, and generally...

### Reviews

*This book will be worth buying. Better than never, though I am quite late in starting to read this one. You may like how the blogger composed this publication.*
