Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Large Print. Language: French . Brand New Book ***** Print on Demand *****. L auteur se teleporte lui-meme en l an 3000: en 3030 j ai 35 ans et je ne vieillirai jamais. Mais je m ennuie et je m interroge sur le passe. Avec robot-v3000 qui est notre robot de reference, et l evolution des recherches electroniques, je vais pouvoir capter en images la vie de Sebastien vivant a l an 2000. Je decouvre son mode de vie deprimant, et decide a sa mort de le faire revivre a mon epoque pour l eternite. A travers la vie de Sebastien, l auteur fera un parallele accablant entre le passe et le futur. Ce livre d anticipation melangeant fiction et realite fera travailler votre imagination, ouvre une reflexion sur l humanite, sur l evolution de l espece humaine, les poussees technologiques, de la medecine et essayera de repondre a cette question: a quelle epoque peut on etre reellement heureux? Un ouvrage hors normes qui ne laissera personne indifferant, profond, parfois triste et drôle, ou le message principal reste de s aimer les uns les autres.
