

Progression in Cognitive Wireless Networks - An Analysis Report

By V.P., Ajay

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | The book covers a historical approach to Cognitive Radio Technology, from the perspectives of a user and not from an academic viewpoint. The performance features, requirements, recommendations, merits, demerits and some usage parameters of Cognitive Radios are discussed in this book. The aim of this book is to make a newbie to Cognitive Radio concepts, learn basic aspects of the same, without referring too many study materials and papers in the field. | Format: Paperback | Language/Sprache: english | 56 pp.
