

XPages Extension Library: A Step-by-Step Guide to the Next Generation of XPages Components

By Paul Hannan

IBM Press. Paperback. Condition: New. 576 pages. The XPages Extension Library and its next-generation XPages controls make application development far more efficient, effective, scalable, and rewarding. With IBM Lotus Notes/Domino 8.5.3 and Upgrade Pack 1, IBM has incorporated powerful new capabilities and support. These components and technologies are now fully ready for even the toughest production challenges. XPages Extension Library is the first and only complete guide to Domino development with this library; it is the best manifestation yet of the underlying XPages Extensibility Framework. Complementing the popular Mastering XPages, it gives XPages developers complete information for taking full advantage of the new components from IBM. Combining reference material and practical use cases, the authors offer step-by-step guidance for installing and configuring the XPages Extension Library and using its state-of-the-art applications infrastructure to quickly create rich web applications with outstanding user experiences. Next, the authors provide detailed step-by-step guidance for leveraging the library and its powerful new support for REST services, mobile and social development, and relational data. The book concludes by showing how to include Java code in Domino XPages applications a great way to make them even more powerful. Coverage includes Automating deployment of XPages Extension...

Reviews

A top quality ebook and the typeface used was interesting to read through. It is really intriguing through reading through period. You won't feel monotony at anytime of the time (that's what catalogues are for relating to when you ask me).

-- Estelle Donnelly

It becomes an awesome publication that I actually have actually read. It really is written in simple terms and not difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.
