Reviews

The most effective publication i at any time read. We have study and i am sure that i will likely to read yet again once again in the foreseeable future. You will not truly feel monotony at anytime of your time (that's what catalogs are for about in the event you request me).

(Mr. Rafael Hoeger)

KLUGE: THE HAPHAZARD CONSTRUCTION OF THE HUMAN MIND

[DOWNLOAD](#)

Faber, 2008 9780571236510, 2008. Hardcover. Condition: New. Dust Jacket Condition: New. NEW hardback in d/w. 211 pages. The author is a Professor of Psychology at New York University. A kluge is an engineering term for a makeshift solution, a clumsy construction that somehow works. The blurb tells us that "this is Gary Marcus's analogy for the way the human mind has evolved. Arguing against a whole tradition that praises our minds as the most perfect result of evolution, Marcus shows us how imperfect and ill adapted our brains really are to the complicated world that we live in. We screw up but we get along".
