Preserving The Seed is a parenting handbook that was written to provide new and future parents with direction on how to raise God fearing children; that will help propagate both God s Legacy as well as family line legacies. The author felt the need to provide young and new parents with a blueprint on how to preserve the seed God puts in them (children). The book is geared at helping parents acquire a clear understanding of their responsibility for nurturing the seed God gives them through children. The book will help parents understand their role in raising God fearing children who in turn will hopefully raise their own children that are God fearing. It is important that every person considering having children read this book to get a clear under-standing of the power of preparation spiritually and naturally for their children.
