Forgotten Books, 2017. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Food Balances in Foreign Countries, Vol. 3: Estimates for 20 Republics of Latin America Here it should be noted that many countries report only a part of their food production, while few report stocks or utilization of supplies. To present a reasonably complete picture of food supplies, it has been often necessary, therefore, to fill in gaps with estimates based on fragmentary information from scattered sources. Consequently, the actual supply level for individual foods and for all foods combined as indicated in the balances should be regarded as approximate rather than precise.
