Third-Party Trump Card is the story of two Cuban Americans, Rick Torres and Vic Flores, who after rising to the highest levels of political power in the United States, believe they have the trump card to beat the Electoral College to win the American Presidency. As presidential candidates the two amigos consequently form a survivor pact in which they promise not to outvote each other in the Republican primaries. To further secure his presidential winning bid, Torres involves former New York mayor and business tycoon Steve Trumberg in a third-party scheme which he believes will guarantee him a surefire win against his Democratic opponent and hot favorite Jackie Sisano. Events take on many unexpected twists and turns, and Torres s third-party trump card plot gets lost in a number of ensuing card reshuffles. This leads to the most inconceivable and dramatic house of cards presidential election ever envisaged.
