It is fantastic and great. It is written in easy words and phrases instead of confusing. I am just delighted to explain how this is actually the best book I have got read through during my individual life and might be the finest publication for ever.

You can try to justify it by claiming the health of the mother, but the truth is only a small percentage (less than one-tenth of 1 percent by some counts) of the 1 million babies killed each year are to save the mother's life. Instead statistics suggest that 85 percent of all abortions are performed as a means of birth control and are three times more likely to be by a woman on Medicaid. Family planning and abortion clinics in the United States are a \$2 billion a year industry with a 1.3 percent growth for the last five years, with 40 percent of all the country's abortions being performed at Planned Parenthood. For years we have been told that legal abortions were necessary for the health and well being of the mother. It is a lie. Abortion clinics by and large are seedy, dirty, nefarious profit centers that don't care a lick about the woman or her rights. They are all about turning a quick buck. Just look at Dr. Kermit Gosnell in Philadelphia. He cut the spinal cords of live babies with scissors. Dr. Douglas Karpen in Houston twisted the heads off of live babies. Another clinic threw remains on their roof to avoid hazardous waste removal fees. Another clinic used a garbage...
