

Brainy Oxen: A Collection of Comical Poems (Paperback)

By MR Robert J Brookstone

Createspace, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Brainy Oxen is a collection of poems that I have written, mostly comical, but with a few serious pieces as well. The subject matter varies widely, from poems about plants and animals, to the Cosmos itself. Many of the works contain interesting factual information, including, (in the poem, Evolutionary Moon), an idea of mine that our Moon could have played an important role in the evolution of early life on the Earth. Brainy Oxen is a book that is sure to please, holding many laughs, while educational as well!.
