An excerpt from the beginning of Chapter I. What Is a Myth ACCORDING to Webster, it is a fabulous or imaginary statement or narrative conveying an important truth, generally of a moral or religious nature: an allegory, religious or historical, of spontaneous growth and popular origin, generally involving some supernatural or superhuman claim or power; a tale of some extraordinary personage or country that has been gradually formed by, or has grown out of, the admiration and veneration of successive generations. Here is a choice of three definitions, but not one of them is by itself satisfying. Let us rather say that a myth is a tradition in narrative form, more or less current in more or less differing garb among different races, to which religious or superhuman significations may be ascribable. We say may be ascribable because, although the science of comparative mythology always seeks for such significations, it is probable that the modern interpretations are often as different from the original meaning as certain abstruse readings of Shakespeare are from the poets own thoughts. In their...
