

Economics Social Institutions: Insights from the Conferences on Analysis Ideology

By -

Springer, Netherlands, 2011. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.The productive work of widely distributed academic research has contributed substantially, over the postwar period, to important advances in our understanding. It has also offered a clearer recognition of many unresolved problems. Nevertheless, the progress achieved over the last decades, exhibited by the systematic application of theory to actual issues and observable problems, could not overcome a pervasive sense of dissatisfaction. Some academic endeavors pursued within a traditional range of economic analysis have appeared increasingly remote from broad social issues, motivating the social and intellectual unrest experienced in recent years. Conditioned by the traditional use of economic analysis, many have naturally concluded that the most relevant social issues agitating our times are beyond the reach of economics. Purist advocates of a traditional view thus condemn any extension of economic analysis to social issues as an escape into ideology. Others argue the need for an interdisciplinary approach involving sociology, social psychology, or anthropology as necessary strands in a useful understanding of social, institutional, and human problems of contemporary societies. We note here, in particular, the...
