Author Bio Introduction Millenniums ago, a man deciding to build a garden was fortunate because he had all that land right outside his door. All he had to do is clear out a piece of land, and mark it with a boundary wall. After that, he could go hunting for attractive looking plants in the wild, and bring them back home. With a little bit of care and cherishing, he would soon have a tame garden of his own. But today, a large number of us are not so fortunate. Space is at a premium. Concrete jungles have taken the place of what was once nature s backyard. And that is why man is looking for easy options to bring beautiful greenery inside his limited space. And so this book is for all those, who want to know more about indoor plants, how to grow them, how to take care of them, which are the best plant varieties which flourish indoors and tips and techniques with which you can enjoy not only a relaxing hobby, but also greenery around you. Until just after the Second World War, indoor household plants were limited...
