Reviews

It is just one of my personal favorite books. I was able to comprehend every little thing out of this published e-publication. It is extremely difficult to leave it before concluding, once you begin to read the book.

It combines English with cross-curricular topics chosen for their interest to children. Pupils learn by doing, in pairs and in groups, through stories, games, drama, songs and rhymes, and consolidate what they learn through book-centred activities. At levels 1 and 2, focus language is presented by short cartoon stories featuring a group of British children, their schoolfriends and families. In levels 3 and 4, there are also project pages, plays and 'real life' language, which should involve pupils in more demanding tasks and combine language work with other interests and study subjects. 64 pp. Englisch.
