Forgotten Books, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Excerpt from A Lecture on the Mechanical Industry and the Inventive Genius of America Dear Sir: Since your recent able lecture before the Maryland Institute, of this city, I have been desired, on behalf of the Committee on Lectures, to solicit a copy of said lecture for publication. I now make the solicitation, and trust that it may be both convenient and agreeable to you to furnish the Institute with matter embracing so much information instructive and interesting to its members. Dear Sir: It gives me great pleasure to comply with the desire so obligingly expressed in your favor of the 5th instant; and I shall, at the earliest moment, when my duties will permit, forward a copy of the lecture for the purpose indicated. The success of the industrial arts, for which your flourishing Institution has been founded, has long been an object of deep interest with me, and I shall feel great satisfaction if this humble effort to aid their cause has been, in any degree, conducive to so desirable an end. Please accept for yourself, and communicate to the members of your Society, the assurances of my highest esteem and consideration. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy.
