

Learning About Spring with Children s Literature: Cross-Curricular Units Based on the Works of Mercer Mayer, Richard L Amour, Arnold Lobel and More

By Margaret A. Bryant, Marjorie Keiper, Anne Petit

Zephyr Press, United States, 2006. Paperback. Book Condition: New. 272 x 213 mm. Language: English . Brand New Book. Taking a thematic approach to learning that employs seeing, hearing, reading, and writing, these books outline three four-week, cross-curricular units that develop the competencies children need to become fluent, independent readers and writers. While each unit focuses primarily on language - phonic skills, structural analysis, punctuation, capitalisation, poetry, and comprehension - they also include math, science, social studies, music, art, and even mini-lessons in French for cross-cultural appreciation. Understanding that student ability levels in younger grades can vary widely, lesson plans are keyed to three types of learners: emerging, typical, and advanced. The series includes three titles that cover fall, spring, and winter, and each can be used independently or together throughout the school year.
