The first is mentioned in the following paragraph from the brief resume of the historical and personal facts given in the volume, and which I read on the day of the unveiling of the statute, as follows: - It devolves upon me, as Chairman of the (Ryerson Memorial Statue) Committee, and at the kind request of my colleagues - no less than as the life-long friend and fellow-labourer of him whose deeds and memory we honour to-day - to trace back to their source the origin and underlying principles of our system of education, and to show that these underlying principles and other vital forces were so combined by a master-hand as to form the groundwork, as they have, in their combination, become the charter of our educational system of to-day. The second reason is contained in the following paragraphs - containing a brief record of Dr. Ryerson s thirty-two years in the Public Service, taken from The Story of My Life, page 351. During my connection with the Education Department - from 1844 to 1876 - I made five educational tours of inspection and enquiry to educating countaies in Europe and the United States. I made an official tour through each county in Upper Canada, once in every five years, to hold a County Convention of municipal councillors, clergy, school trustees, teachers and local superintendents, and thus developed the School system as the result of repeated...
