Not illustrated. 1920 Excerpt: .In order to utilize the ground up to the line, a dead party wall was built, requiring that all illumination should come from the other side, already shadowed by the main building. The blank wall of one side of this school assembly is shown in illustration 20, page 57. The interior view of the adult assembly, illustration 82, page 153, shows this room lighted from the right side only. There are no windows to the left. The departmental assembly, shown in illustration 80, page 149, is also lighted from one side only, viz., from the right. The main light passes through the four windows to the immediate left of the side entrance shown in illustration 22, page 59. It is quite evident that these four windows cannot furnish adequate light for a room which runs the entire width of this building. The secondary light entering this...
