

Code Name Mel's Choice (Paperback)

By George M James

Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.In Code Name Mel's Choice, we take a hard look on how to destabilise a neighbouring country. There are many ways to do so but the best is to create internal strife and support one side against the other. If you can then start a civil war and your side wins, you have succeeded, in NATO terms that is called Regime Change and highly illegal under international law. But even if you cannot start a proper war, the internal strife is also good news, your enemy has to turn within to sort its problems out and then is a lesser threat to you or so the theory goes - it is highly debatable because you may then end up with something like ISIS, a home goal of US foreign policies if ever. But still, this is bread and butter work for spy agencies. If you think this does not happen in real life, think again. In history, we think of the CIA efforts in Afghanistan, against the Soviets in the 1980s giving rise to the Taliban and the horrors that followed....
