THE HYBRID MAN (PAPERBACK)

Trafford Publishing, Canada, 2010. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This book is a story about a man s heart and the pump, batteries and electronic controller that keep his heart and his life going. Also, it is a story about the author as a young non-typical teenager, the humble living conditions, the unique life experiences he had growing up in the woods of Northern Wisconsin, and his early adult experiences in the state of Alaska. A must read for all the millions of people suffering from heart disease, especially those with congestive heart failure. This book conveys information that will benefit physicians of all types who are not current on what is happening in medicine, especially in the area of mechanized heart assist devices. Older people as well as younger people with normal health should also find this book inspiring, interesting and entertaining. For young people there is a message of hope, despite an impoverished or underprivileged background.
