

Economics After the Crisis: Objectives and Means

Filesize: 1.01 MB

Reviews

This book is really gripping and fascinating. Of course, it is actually play, nonetheless an interesting and amazing literature. You will not feel monotony at anytime of the time (that's what catalogs are for about if you request me).
(Delbert Gleason)

ECONOMICS AFTER THE CRISIS: OBJECTIVES AND MEANS

[DOWNLOAD](#)

MIT Press Ltd. Paperback. Book Condition: new. BRAND NEW, Economics After the Crisis: Objectives and Means, Adair Turner, The global economic crisis of 2008--2009 seemed a crisis not just of economic performance but also of the system's underlying political ideology and economic theory. But a second Great Depression was averted, and the radical shift to New Deal-like economic policies predicted by some never took place. Perhaps the correct response to the crisis is simply careful management of the macroeconomic challenges as we recover, combined with reform of financial regulation to prevent a recurrence. In Economics After the Crisis, Adair Turner offers a strong counterargument to this somewhat complacent view. The crisis of 2008--2009, he writes, should prompt a wide set of challenges to economic and political assumptions and to economic theory. Turner argues that more rapid growth should not be the overriding objective for rich developed countries, that inequality should concern us, that the pre-crisis confidence in financial markets as the means of pursuing objectives was profoundly misplaced.
