

Social Psychology: A Very Short Introduction

Filesize: 5.38 MB

Reviews

This pdf is worth buying. It is actually written in basic words and not confusing. It's been printed in a remarkably basic way in fact it is merely following I finished reading this publication through which really altered me, affect the way I really believe.
(Dr. Linwood Lehner IV)

SOCIAL PSYCHOLOGY: A VERY SHORT INTRODUCTION

[DOWNLOAD PDF](#)

Oxford University Press. Paperback. Book Condition: new. BRAND NEW, Social Psychology: A Very Short Introduction, Richard J. Crisp, Social psychology is about the people who populate our everyday lives, and how they affect our 'personal universe', defining who we are, and shaping our behaviour, beliefs, attitudes, and ideology. In an age where we've mapped the human genome and explored much of the physical world, the study of people's behaviour is one of the most exciting frontiers of scientific endeavor. In this Very Short Introduction Richard Crisp tells the story of social psychology, its history, concepts and major theories. Discussing the classic studies that have defined the discipline, Crisp introduces social psychology's key thinkers, and shows how their personal histories spurred them to understand what connects people to people, and the societies in which we live. Taking us from the first ideas of the discipline to its most cutting edge developments, Crisp demonstrates how social psychology remains profoundly relevant to everyday life. From attitudes to attraction, prejudice to persuasion, health to happiness - social psychology provides insights that can change the world, and help us tackle the defining problems of the 21st century. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.
