Reviews

Without doubt, this is actually the greatest function by any article writer. It is among the most amazing publication i have got read. Its been printed in an exceedingly basic way in fact it is simply after i finished reading through this publication where in fact changed me, change the way i believe.

Taylor Francis Ltd, United Kingdom, 2000. Paperback. Book Condition: New. 192 x 128 mm. Language: English . Brand New Book ***** Print on Demand *****.Social Cognition looks at the way in which humans interpret, analyse and remember information about the social world. Topics covered include: attribution, social schemas and social representations, prejudice and discrimination. Suitable for the AQA-A A2 and AQA-B AS level examination, and students studying social cognition for the first time at undergraduate level. Series Details The Routledge Modular Psychology Series is a completely new approach to introductory level psychology, tailor-made for the new modular style of teaching. Each book covers a topic in more detail than any large textbook can, allowing teacher and student to select material exactly to suit any particular course or project. Especially written for those students new to higher-level study, whether at school, college or university, the books include the following designed features to help with technique: * Practice essays with specialist commentary to show how to achieve a higher grade * Chapter summaries and summaries of key research * Glossary and further reading * Progress and review exercises.
