Art in Needlework is a classic arts and crafts text by Lewis F. Day and Mary Buckle. Embroidery may be looked at from more points of view than it would be possible in a book like this to take up seriously. Merely to hover round the subject and glance casually at it would serve no useful purpose. It may be as well, therefore, to define our standpoint: we look at the art from its practical side, not, of course, neglecting the artistic, for the practical use of embroidery is to be beautiful.
