Reviews

An incredibly awesome publication with perfect and lucid reasons. It can be written in simple phrases and not confusing. I am just delighted to let you know that this is actually the very best publication I actually have studied during my very own lifestyle and could be the best publication for actually.

Excerpt: . . . called Bison Americanus Pennsylvanicus. Doubtless west of the Alleghenies the individuals shaded into the true bison of the plains, but those which ranged between the east and west slopes of the Alleghenies, migrating between the Great Lakes and the valleys of Southern Pennsylvania, Maryland and Virginia, to Georgia, represented the type of bison of the Keystone State. Doubtless in Georgia they encountered the northern migrations of a southern or southwestern type of bison, the bison of Louisiana, but probably it, too, was closely related to the Pennsylvania type. The lengthy migrations were hardly in keeping with known characteristics of the wood bison of Colorado, Wyoming and Montana and of the Canadian northwest. But this can be clearly judged and determined after the stated facts are weighed and digested. But most interesting of all seems the vast numbers of bison which roamed through the central and western parts of our state, now gone and forgotten through man's rapacious greed. It was early in the month of August, 1911, that a clam bake was given at Quiggle Springs, near McElhattan, in Clinton County. Though the bake was far from a success, as those present well remember, the information concerning the bison in Pennsylvania gleaned at it made it a memorable occasion. About nine o'clock in the evening, while waiting for the clams to be served, the moon began to rise from behind the Bald Eagle Mountain, which towered above the park. The conversation had turned...
