Morgan James Publishing llc, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book. Americans diet while the French dine. But is it true that French women don t get fat? Is there a French Paradox--the counterintuitive notion that a diet that includes cheese, chocolate, and wine is associated with improved cardiovascular health and weight management?The ancient wisdom and long-held traditions of the French have, in fact, been validated. She is quietly self-disciplined in her efforts, and she automatically observes portion savoir-faire. This typical and widely practiced solution to the French Dilemma results in what we perceive as the French Paradox.The truth is that Americans are not different from people in other countries. We just have different eating habits. Americans are hungry for an alternative to the restrictions of dieting. The French Twist offers a realistic, commonsense, tried and true approach--core values...
