ACTIVITIES FOR TEACHING STATISTICS AND RESEARCH METHODS: A GUIDE FOR PSYCHOLOGY INSTRUCTORS (PAPERBACK)

American Psychological Association, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book. A sound understanding of statistics and research methods is essential for all psychologists, and these topics are core components of both Advanced Placement and undergraduate psychology curricula. Yet, these courses are often challenging for many students, some of whom may burn out and even give up on psychology altogether. To address this problem, this book offers a comprehensive collection of original, pedagogically sound, classroom-tested activities that...
