Language: English Brand New Book ***** Print on Demand *****.Excerpt from Oral Lesson Book in Hygiene: For Primary Teachers The teachers in the public schools of nearly all the United States, and in some other countries, are required by law to teach all pupils under their instruction the laws of health, including those which relate to the nature and effects of alcoholic drinks and other narcotics, with physiology enough to make such laws intelligible. Each year you add more facts from the same science, with an enlarged development, as your pupil passes from...
