## THE SPIRITUAL LIFE: STUDIES IN THE SCIENCE OF RELIGION (PAPERBACK)

Createspace Independent Publishing Platform, 2015. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.A goodly crop of literature is already springing up out of the soil of experimental psychology, and a wide-spread interest is already aroused over that portion which deals with the religious life. Prof. Coe s book is thus far one of the most suggestive books of this class. Its secondary title ought perhaps to have been the main title, for it is, in fact, a study in the science of religion, whereas The Spiritual Life might suggest only one more addition to the class of devotional books. Prof. Coe deals with two classes of phenomena which in a general way might be described as the normal and the abnormal. He gives attention to the problems arising from illusions and hallucinations, from telepathy and mediumship, and one very instructive chapter is given to a study of Divine Healing. But by far the most interesting and valuable portion of the book is that which deals with the normal religious experiences, especially those connected with the adolescent life. It is on this period that the thinking of earnest people is converging, whether the immediate motive be pedagogical or religious. Modern pedagogy maintains that the child s own instincts and powers furnish the material and give the starting point for all education. Save as the efforts of the educator connect with some activity which the child is carrying on of his own initiative, independent of the educator, education becomes reduced to a pressure from without. The same may be said of religion and all the processes employed to induce a religious life. Unless they all connect with something that is already there, something taking place in the normal unfolding of life itself, they will be relatively...
