## The Cure in the Code: How 20th Century Law is Undermining 21st Century Medicine

By Peter W. Huber

The Perseus Books Group. Hardback. Book Condition: new. BRAND NEW, The Cure in the Code: How 20th Century Law is Undermining 21st Century Medicine, Peter W. Huber, Never before have two revolutions with so much potential to save and prolong human life occurred simultaneously. The converging, synergistic power of the biochemical and digital revolutions now allows us to read every letter of life's code, create precisely targeted drugs to control it, and tailor their use to individual patients. Cancer, diabetes, Alzheimer's and countless other killers can be vanquished--if we make full use of the tools of modern drug design and allow doctors the use of modern data gathering and analytical tools when prescribing drugs to their patients. But Washington stands in the way, clinging to outdated drug-approval protocols developed decades ago during medicine's long battle with the infectious epidemics of the past. Peter Huber, an expert in science, technology, and public policy, demonstrates why Washington's one-size-fits-all drug policies can't deal with diseases rooted in the complex molecular diversity of human bodies. Washington is ill-equipped to handle the torrents of data that now propel the advance of molecular medicine and is reluctant to embrace the statistical methods of the digital age...

### Reviews

*The book is straightforward in go through easier to recognize. it was actually writtern extremely perfectly and useful. I am very happy to explain how this is actually the greatest publication i have read through within my individual life and might be he finest ebook for actually.*

-- Gladys Conroy

*This publication is worth getting. This is certainly for those who statte that there was not a well worth studying. Its been written in an exceptionally simple way in fact it is only after i finished reading through this ebook in which in fact transformed me, modify the way i believe.*
