Dodo Press, United Kingdom, 2007. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.1845 collection. These sketches of the Backwoods of New Brunswick are intended to illustrate the individual and national characteristics of the settlers, as displayed in the living pictures and legendary tales of the country. They have been written during the short intervals allowed from domestic toils, and may, perhaps, have little claim to the attention of the public, save that of throwing a faint light upon the manners and customs of that little-known, though interesting, appendage of the British empire. A long residence in that colony having given me ample means of knowing and of studying them in all their varying hues of light and shade.
