Createspace Independent Publishing Platform, 2018. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Throughout the Western esoteric tradition, soothsayers, diviners, clergy, magicians and other adherents and practitioners of arts both fantastical and forbidden have always attempted to peer into the realms unknown and pierce the future with present eyes. Seeking truth and knowledge does not necessarily pertain to the future, as other intelligences could be breaching the boundaries between worlds as to communicate messages with humanity. People born high and low have always searched to read and receive these messages, for reasons ranging from the practical to the ecclesiastical. In these uncertain and turbulent times, it appears as if the West is at a fateful crossroads. This work consists of messages, warnings, signs and other such portents that pertain to Western civilization and the spirit contained within its people. The content of this tome is yet another contribution to the continuing Western tradition of prophecy and divination that has been held to be both heretical and sacred.
