WEED FARMING IN GREECE (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Weed Farming in Greece Weed Farming in Greece is an evocative and often humorous chronicle of life in a port city in Greece. The material presents the high points of life and many less than romantic moments; taking the reader into the secret world of marijuana cultivation, murder and a clandestine operation to apprehend the killer of a TV reporter. Through the storyline, the reader is introduced to a culture where life and behaviour are very different to that previously experienced or understood by tourists. The material captures the realities and paradoxical eccentricities of everyday life and in so doing, highlights the suspicious and superstitious nature of those encountered. Weed Farming in Greece introduces the reader to philosophical ideals, analyses a psychological definition of behaviour and draws reference to past literary masters in the context of the story line. The account is written with clarity showing determination, understanding and above all else, the acceptance of different cultural values, not only to survive, but to come to an understanding of human behaviour in general.
