IT AIN T OVER TIL IT S OVER: THE BASEBALL PROSPECTUS PENNANT RACE BOOK (HARDBACK)

The Perseus Books Group, United States, 2007. Hardback. Book Condition: New. 236 x 160 mm. Language: English . Brand New Book. Here, the best team in baseball statistics takes on the only subject that really matters in baseball: Why do teams win pennant races? Statistical analyses of baseball abound: different ways of breaking down batting performance, pitching performance, fielding performance, managerial performance, expected wins and the like. But the one aspect of baseball that, surprisingly, has never been looked at with the same statistical rigour is pennant races. Pennant races are arguably the most important unit in the game. The authors then use these ten key races to analyse aspects of the main question: what determines who wins pennant races? How important are such things as mid-season trades, how much can a manager overwork his pitchers and get away with it, why do teams go on winning and losing streaks? Can one player carry a team? Can one bad players playing consistently ruin a team s chances? Can one bad play ruin a team...
