The Practical French Accidence: Being a Comprehensive Grammar of the French Language; With Practical Exercises for Writing, and Very Complete and Simple Rules for Pronouncing the Language (Classic Reprint) (Paperback)

By William Bentley Fowle

Forgotten Books, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Practical French Accidence: Being a Comprehensive Grammar of the French Language; With Practical Exercises for Writing and Very Complete and Simple Rules for Pronouncing, the Language The far greater part of those who teach French in the United States, are Americans, whose knowledge of the language must often be very limited; and to these the authors own wants enable him to say this book is calculated to be eminently useful. In some respects, the work is not a mere compilation. The directions for ascertaining the gender of French nouns, the great stumbling-block of foreigners, will be found peculiar to this Grammar, and fully competent to effect the end proposed. The Table of the Conjugations, and the List of Irregular Verbs, are more complete than in any other grammar; and the Elements of Pronunciation, accompanied with Practical Exercises, will, it is believed, be of essential service to American teachers, as well as to those pupils who are obliged to study the language without an instructor.
