Brand New Book ***** Print on Demand *****.Atheist Delusions - The Atheist Blueprint can be considered the God Hater s Manifesto. It is a complete compendium offering a comprehensive understanding of atheism, atheism advanced, atheist delusions, atheist universe, atheist history, atheist change, and atheism case against god. Written by behavioral scientist Dr. Treat Preston who is a Christian, his goal is to objectively layout the atheist s agenda and rebuts their agenda in a non-Christian way. In other words, Dr. Preston is more concerned about the loss of our constitutionally guaranteed freedoms rather than offering any Christian apologetics. Facts and figures are gleamed from Atheist websites with URLs fully given for more insight by the reader. Dr. Preston reports then allows his readers to decide based on what they see. This book is not a Christian rebuttal to atheism but rather a candid look at the facts. In the Introduction to this book, Dr. Preston writes, Why we hate is a serious undertaking because the human condition centers on love and hate. We use the word hate quite often in our speech and vernaculars. People love to love but they love to hate more. With the advent of the Internet, hate blogs abound and are increasing never regarding facts; innuendo is enough for most of these bloggers to place their venomous drool all over the Internet. It is apparent from atheist ad campaigns that atheists hate God so let s discuss hate. This is a must read book for anyone wanting to learn more about both sides - atheism versus organized religion.
